An Update from your Harand Camp Family about COVID-19

Dear current and future Haranders,

At this time we are still accepting camper (and staff) applications for Summer 2020 and are scheduled to begin our first session as planned on Sunday, June 21, 2020.

Our Carthage College Representative has assured us that all residence halls, along with all common areas on campus, have been deep cleaned, and will continue to be cleaned, during this pandemic. She will be keeping us informed of any changes to the summer schedule in a timely manner and will follow all recommendations from the Wisconsin government agencies regarding any necessary closures.

IF we should have to cancel camp this summer due to the pandemic, **you will be issued a FULL REFUND for all payments and deposits.** You will also have the option to direct any or all of your payments towards our 2021 camp season.

We hope our country will be on the mend soon and that Harand Camp will be able to open safely for all of us. We promise to provide our campers and staff the healthiest and safest summer, when we open for our 66th Season!

If you have any questions, or are a first-time Harander, please contact Camp Co-Director Janice Gaffin at 847-867-1356 or email harandcamp@gmail.com.

Sending you all of our love and wishes for good health.

Love,
Your Harand Family
